

# Strategy — The Way Ahead

## *Joint Concept Development and Experimentation*

- Requirements Types – Functionality vs. System Engineering
- Scope – Roles and Responsibilities/Procedural Formality
- Ownership/Sponsorship – Stakeholders
- Identification/Tracking – Methods/Accessibility/Formality
- Nominating Process – Who/When/How
- Review/Approval – Process/Structure
- Management – Sorting/Ordering/Deconflicting/Arbitrating
- Cross-Domain Issues – Leveraging/Cooperative Ventures
- Resourcing/Sourcing – How/Who/Methodologies
- Sustaining The Effort – Long-term Management/Oversight
